

## IN WAR ARENA

ZEPPELIN RAIDS  
ENGLISH COAST

NEWCASTLE, England, April 15.—Under cover of darkness, a Zeppelin dirigible sailed over the coast of Northumberland last night, dropping bombs on four towns, none of which was fortified. Nobody was killed and the property loss was considerable.

The airship first appeared at a great altitude about 8 o'clock near the small town of Blyth.

Several bombs were dropped in the outskirts of the town and the Zeppelin passed on. Word had been telephoned to all other towns of the neighborhood that there was an airship abroad and the air hawk found them plunged into complete darkness.

Tynemouth, Cramlington and Seatonburn were next visited successively, but, blotted out as they were in the shades of night, they afforded but poor marks, and none of the principal buildings was injured. Several small houses were shattered, however, and set on fire by bombs. In every case the fires were quickly quenched before they had spread to adjoining structures.

FRENCH REPORTS DETAILS  
OF NEUVE CHAPELLE FIGHT.

LONDON, England, April 15.—The official report of Field Marshal Sir John French, on the operations which won for the British the decided advance at Neuve Chapelle, south of Lille, states that in the three days' fighting the British lost 190 officers and 2337 men killed and 350 officers and 8174 of other ranks wounded, while there are missing 23 officers and 1728 men. The gain in territory was important, while the ground captured has been organized and held against counter-attacks. The German dead were buried in the trenches in which they were found. Of the German losses, which reports from Berlin have minimized, Sir John French reports:

"The enemy left several thousand dead on the field, while we have positive information that upwards of twelve thousand wounded were removed by train to the base hospitals. "Of prisoners we took 30 officers and 1657 of other ranks."

CAPITAL AND LABOR ON  
RECORD STRIKE IN ITALY

MILAN, Italy, April 15.—As a warning to the crown and the government that the desire of the Italian nation cannot be too rudely throttled when it seeks to express itself, manufacturers and workmen joined hands today here and in Genoa in the first industrial strike the world has ever known in which capital sided with labor.

All manufacturers and workmen, all street car and public utilities employees, all cab drivers, chauffeurs, and in Genoa all stevedores, firemen, sailors, and others employed on the waterfront and in the harbor, declared a joint shut-down and strike, as a protest against the killing last Sunday by the police of a turbulent demonstrator in one of the series of mass meetings held over the country.

GERMAN PRESS CRITICIZES  
U. S. POSITION ON NEUTRALITY.  
AMSTERDAM, Netherlands, April 15.—German newspapers arriving here show that the bitterness of editorial comment on the way America is shaping her policy of neutrality is increasing.

"America," says the German critics in substance, "allows England to do as she pleases with neutral shipping and non-contraband supplies for Germany, while at the same time she supplies England with all the war materials England requires."

"It is time a strong word was sent to Washington. Germany should ask in so many words, 'Are you neutral or an enemy?'"

AIR FIGHT ENDS IN  
DISASTER FOR GERMAN TAUBE.  
BORDEAUX, France, April 15.—In an exciting pursuit a mile and a half above the earth, a French aeroplane overtook and brought down yesterday in northern France a German machine.

The swifter French monoplane gave chase as soon as the German taube was sighted. Both craft maneuvered for position, but the little monoplane could climb faster and, from a higher level, opened fire on the German.

At the seventh shot, the taube's gasoline tank was punctured and the engine caught fire. Crippled, the German plane plunged downward with its pilot and observer to the ground.

HOT FIGHTING IN MESOPOTAMIA;  
BRITISH VICTORIOUS.  
LONDON, England, April 15.—The first serious encounter amounting to a battle of any magnitude between the Turks and the British armies protecting Egypt and the Suez Canal is reported today in an official dispatch from the British India office.

The battle took place March 12 at Kurna Ahwz and Shaiba, in Mesopotamia. Twelve thousand Turkish regulars and 11,000 Kurdish tribesmen and Arab irregulars attacked the British force, whose numbers are not given. They were repulsed with the loss of many killed and wounded and 300 prisoners to the British.

CLAIM GERMAN CHANCELLOR  
AGAINST SHIPPING RAID.  
LONDON, England, April 15.—Dr. von Bethman-Hollweg, the German chancellor, is quoted here today by a well-informed correspondent as having declared his opposition to the submarine warfare against British shipping which Germany is now aggressively prosecuting.

"The German imperial chancellor," says the correspondent, "was opposed at the outset and is still opposed to the submarine warfare Germany is waging against merchant shipping."

METZGER WOULD  
HAVE TERRITORY  
DO ITS INSURINGSenator From Hawaii Proposes  
Plan For Special Fund to  
Protect Property

Territorial insurance for the property owned by the territorial government is a feature proposed by Senator Metzger in S. B. 140, introduced by him Tuesday. Explaining it yesterday the Hilo colon said that at present a destructive conflagration which might raze any of the government buildings or wharves would bring a total loss with no funds at hand to cover it.

If the army or capital should be destroyed, for instance, the only way in which its reconstruction could be authorized would be by a special session of the legislature, a proceeding in itself which would nearly double the cost or total loss to the territory.

His bill would authorize the territorial treasurer to set aside this year a special fund of \$50,000 from the general fund, placing it in a "territorial insurance fund." Each succeeding year the treasurer would be required to add \$20,000 to this amount until it reaches a total of \$250,000. The governor would have authority to appropriate from the special fund at any time such amounts as are deemed necessary for the repair or reconstruction of edifices destroyed by fire or other casualty.

BUCHLY LEAVES  
PEACOCK CO.; HE  
MAY GO TO BANK

Rudolph J. Buchly, president and manager of the firm of W. C. Peacock & Company, has completed a deal by which he retires permanently from the business, his entire interest being sold to George J. O'Neil, treasurer. While no figure has been made public, it is understood that Mr. Buchly will realize more than \$25,000 for the controlling interest. He has been manager for the past six years.

A report was heard today that Mr. Buchly would shortly become connected with the First National bank. Buchly himself declined to confirm the report, but L. Tenney Peck, president of the First National, said upon inquiry by the Star-Bulletin that he has under advisement the matter of Mr. Buchly's coming to the bank as cashier.

WAIOLANA PROJECT  
APPROVED BY OWNERS

Hilo is to have 40 additional acres upon which to expand the business section of its growing community. This was the result of the hearing on the Waiolana sanitation project held in the office of the superintendent of public works, Charles R. Forbes, this morning.

Mr. Forbes presented plans and specifications for the project, which were approved by the largest property owners of the district. G. H. Gare represented the Bishop Estate and Willard Brown the Richardson property. There are 30 small owners who will have to be consulted before bids are called for.

The plans provide for a canal 5000 feet long to drain the area, and a fill of 240,000 cubic yards to bring the grade up to front street, which is immediately adjacent.

"The money for the sanitation and canal is ready in the revolving fund," said Superintendent Forbes. "We will start the work as soon as the small property owners can be informed of the measure."

WATER FOR Y. M. C. A.  
STRUCK AT 775 FEET

After one month of steady drilling in the Y. M. C. A. lot McCandless Brothers' well drilled struck water at 775 feet about 11 o'clock this morning. A large stream is flowing out through the improvised channel to the gutter on Alakea street making all Nuanuanites rather envious of the promised supply.

The drilling will be continued to 800 feet after which the actual construction of the swimming pool will begin. It is estimated that only two more days will be required to attain the final depth.

was brief and practically the only business done was to order that the report of Field Marshal French on the capture of Neuve Chapelle by the British expeditionary force be published in full.

Consideration of national prohibition and the problem of munitions was put over for future discussion.

WOUNDED IN PARIS  
HAVE GOOD TIME

PARIS, France, April 15.—Five thousand wounded soldiers and a thousand nurses were treated last night to a gala performance of music and dramatics at the Trocadero, in the great government salle de fete. President Poincare and all the ambassadors of the Allies were present.

SENATE WOULD LET COUNTIES TAKE  
RESPONSIBILITY OF SUNDAY MOVIES

The senate proposes "passing the buck" to the various boards of county supervisors on the question of Sunday movies. Representative Fernandez' Sunday movie bill is dead, but in its place now is a new measure and the fight on Sabbath-day picture entertainments may have to be gone all over again.

The new measure, a senate bill carrying the distinction of two numbers, S. B. 143-144, is a substitute for the Fernandez bill and instead of opening the motion-picture shows on all the islands would give the board of supervisors in each county authority to say whether the entertainments can be given and to provide such restrictions as the supervisors think desirable. In other words, the senate would make it a subject for local option.

The bill, originally offered by Senator Castle in committee of the whole yesterday afternoon, was later formally introduced by Senator Wirtz as S. B. 144, after the Fernandez measure, by unanimous agreement, had been tabled. The new one must now pass three readings in the senate and three readings in the lower house, the same course any other new bill must take.

The measure is brief, reading as follows: "The boards of supervisors of the several counties and the city and county of Honolulu are hereby authorized and empowered to provide by ordinance for the exhibiting of moving pictures on Sundays after the hour of 6:30 p. m. under such restrictions as they may prescribe."

Through a misunderstanding, which later developed into a joke with the Rev. S. L. Desha in the role of "goat" and then quickly became a serious subject for apology to the reverend solon, the new bill achieved its distinction of two numbers, S. B. 143-144.

When the senate went into committee of the whole to consider H. B.

129, the Fernandez bill, Speaker Chillingworth named Desha as chairman, not knowing the turn affairs were to take. Everyone knows that Rev. Desha has been one of the Sunday movie bill's staunchest and bitterest opponents. He had no choice except to take the chair and in fact probably did not realize the consequences. Senator Castle then proposed his amendment to H. B. 129, and after brief discussion was induced to offer it as a substitute bill, with the understanding that H. B. 129 would first be killed. This being agreed upon, the committee dissolved and Chairman Desha was compelled to submit the committee report, recommending H. B. 129 be tabled and the new measure be introduced.

On the face of things this seemed to put Rev. Mr. Desha on record, "as committee chairman, as the introducer of the new Sunday movie bill." When the bill was introduced the predicament in which the bit of parliamentary practice had placed him was deeply incensed, but his colleagues quickly realized the unfairness of it and in less time than it takes to tell they had likewise tabled the substitute, S. B. 143.

A few minutes later Senator Wirtz reintroduced the same bill as S. B. 144, but not before Senator Quinn, misunderstanding the affair, had arisen and upbraided the senators for what he thought was "unfair play." He thought the move to table S. B. 143 was merely a method of killing the entire Sunday movie subject and he declared it was not fair to the people who had been urging the original measure's passage. Rice, Metzger and Wirtz quickly set Quinn aright, however, Metzger and Wirtz both volunteering to reintroduce the new bill, S. B. 143 was to be tabled, they said, merely to save Senator Desha from possible odium as the author, which should not be forced upon him.

"W. T. RAWLINS,  
"Representative, Fourth District."  
Kupieha Objects.  
When Rawlins arose to introduce the measure, Kupieha contested and attempted to prevent the introduction. The chair overruled him and the resolution was presented. Kupieha took the floor and denounced the majority of the judiciary committee, asserting that its report was influenced by newspaper comment.

He accused Circuit Judge Ashford, who made the original charges against Kupieha, of debauching "more than one Hawaiian girl in this community," as he expressed it.

At different intervals during Kupieha's talk Representatives Watkins, Coney and Rawlins interrupted and forced a ruling from the chair against Kupieha's attempt at personalities. Watkins and Rawlins arose to demand a ruling when Kupieha made the personal charges against the circuit judge, and Coney arose on a point of order when Kupieha attempted to show that because he is a Hawaiian he is unfairly treated.

Rawlins remarked that he would not object so strenuously to Kupieha's attempt at personalities were it not for the alleged fact that Kupieha's speech was prepared by someone else. It was the first speech Kupieha had made in English and he appeared to members to have difficulty in delivering it. It was reported that an attorney had prepared it.

That Kupieha got more of an investigation from the judiciary committee than he had expected was the comment today when the Kilahee representative said he had not asked the committee in his resolution to investigate the juvenile court and that his guardianship of his daughter many years ago should not be considered at this time.

HAWAIIAN WOMEN ASK  
KUPIEHA BE EXPELLED  
FROM HIS SEAT IN HOUSE

In a communication to the house of representatives, the Kawaiahae Alumnae Society, an organization of Hawaiian women, petitions for the expulsion of Representative David M. Kupieha from the house on grounds of depravity and with contributing to the delinquency of Kupieha's young daughter and niece. The representatives sat very quietly when the petition of the society was read by Clerk Woodward, and it was not until the speaker referred the communication to the judiciary committee that the tension relaxed.

The letter is as follows: "To the Speaker and Members of the House of Representatives: "The Kawaiahae Alumnae Society, an organization composed of Hawaiian women, wishes to thank the majority members of the judiciary committee for the care and thoroughness with which they investigated the conduct of one D. M. Kupieha and desires to earnestly protest against the further retention in the house of representatives of said D. M. Kupieha."

"That one so low and depraved should be allowed to participate in the making of laws is vigorously opposed by the members of this society. It is a stain on the Hawaiian people that this D. M. Kupieha should be retained in the legislature."

"Wherefore, the Kawaiahae Alumnae Society prays that said D. M. Kupieha may be expelled from the house of representatives."

"Dated Honolulu, April 14, 1915.  
"MRS. IRENE H. HOLLOMAN,  
"President.  
"MRS. M. HOAPILI,  
"Vice President."

## PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. A.

EXPULSION OF  
KUPIEHA FROM  
HOUSE DEMANDED

(Continued from page one)

held and determined by the House of Representatives that practically all of the charges made by the said Ashford against the said Kupieha were true; "And whereas, the said charges so made and so found to be true show that the said D. M. Kupieha is morally wholly unfit to sit as a member of the House of Representatives of the Territory of Hawaii:

"Now therefore, be it resolved by the House of Representatives of the Territory of Hawaii, as follows, to-wit:

"(1) That the said D. M. Kupieha is morally wholly unfit to act as a member of the House of Representatives of the Territory of Hawaii.

"(2) That the said D. M. Kupieha has abused his rights and privileges as a member of the House of Representatives in the matter of said investigation.

"(3) That the said D. M. Kupieha be and he is hereby expelled from membership in this house, and that the seat held by him is hereby declared to be vacant.

"W. T. RAWLINS,  
"Representative, Fourth District."

House Bill 309, providing for a revolving fund of \$7500 for the maintenance of the territorial marketing division, passed the house today on final reading.

Because thus far the public utilities commission has found very little work to do and very small authority the senate judiciary thinks \$6000 a year is far too much salary for the commission's chairman. Consequently it has recommended the act creating the chairman's salary to the same amount received by each of the other two commissioners, \$1200 a year.

A public hearing will be held in the house of representatives at 7:30 o'clock tonight for the consideration of H. B. 310, introduced by Representative Norman K. Lyman, entitled: "An act to prevent, suppress and eradicate bovine tuberculosis and to provide for the indemnification of owners of cattle destroyed under the provisions of this act."

The public in general and dairymen in particular are invited to attend and be heard on this subject.

The senate yesterday passed H. B. 32, providing "for the protection of women," prohibiting girls of 16 years or younger from "loitering" on the streets between 8 p. m. and 6 a. m. Senator Makekau wanted the bill amended to include married women. He declared most of the domestic infelicity is caused by the married women, who ought to know better, but persist in being away from home nights. He thought the law should include all women between the ages of 16 and 60 years. His amendment was voted down.

PROVINCE GOVERNORS  
OF JAPAN ARE ADVISED

(Special to Nippon Jiji).  
TOKIO, Japan, April 14.—Prefecture governors from Japan's 43 provinces met in the offices of the department of the interior today for a three-day conference. Count Okuma, premier, outlined the policy of the new administration. K. Oura, minister of the interior, proposed new plans for the solution of internal problems such as taxation and public works.

MOONSHINERS KILLED  
WHEN STILL EXPLODES  
PETROGRAD, Russia, April 15.—Fifteen moonshiners were killed yesterday in a remote village by the explosion of an illicit vodka still.

The Rev. Thomas McCurdy, a member of the judiciary committee of the Presbyterian general assembly was stricken with heart failure and died while running for a streetcar in Atlantic City, N. J.

Don't let a friend get clear to port before welcoming him to Hawaii—send him a wireless—a Mutual wireless, while he's many miles out. He'll appreciate the courtesy.

## CODDLING THE STOMACH

The So-Called "Scientific" Feeding.

In this 20th century of advancement, people are too apt to listen to new theories and put into practice newfangled notions of feeding. Not only do adults follow so-called "scientific systems," but they cram down the mouths of their children such scientific soft foods that require no exercise of the digestive organs, and the children are apt to become fragile and their stomachs too weak to take in strength-giving food and be able to assimilate it. This is a hothouse condition that no man, woman or child should permit. The muscles of the stomach require exercise just as any other muscles of the body; neglect them and you raise a dyspeptic. Use a tonic of medicinal herbs which will stimulate the stomach into greater activity—a remedy which will do this is one which has stood the test of public approval for over 40 years, containing no alcohol or narcotic. We refer to Dr. Pierce's Golden Medical Discovery.

It arouses the little muscular fibers into activity and causes the gastric juices to thoroughly mix with the food you eat, simply because it supplies the stomach with pure, rich blood. It's weak, impure blood that causes stomach weakness. Get good blood through the use of Dr. Pierce's Golden Medical Discovery, and you will have no more indigestion.

Sick people are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential.

KNOW THYSELF.  
Read all about yourself, your system, the physiology of life, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1008 pages. Send to Dr. Pierce, Buffalo, N. Y., 3 dimes (or stamps) for a cloth-bound copy.—Adv.

STAR-BULLETIN GIVES YOU  
TODAY'S NEWS TODAY

## Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Remedy for Itch.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers' guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

BENSON, SMITH &amp; CO., DRUGGISTS.
